# Angry Robot Signs Jay Posey in Two Book Post-Apocalyptic Saga Deal

**Angry Robot**, the publisher of cutting-edge SF, F and *WTF?!* fiction, is delighted to announce the signing of a two-book World English plus Translation deal with science fiction author **Jay Posey**.

The deal, concluded by Angry Robot Editor Lee Harris and Jay Posey, is for two books in the *Duskwalker Cycle* – a dark science fiction saga set in a post-apocalyptic America; a dying world where might prevails.

The first instalment, *Three*, will be published worldwide in Autumn 2013, with the second book to follow in 2014.

### About Jay Posey

Jay is a narrative designer, author, and screenwriter by trade. He started working in the video game industry in 1998, and has been writing professionally for over a decade. Currently employed as Senior Narrative Designer at Red Storm Entertainment, he's spent around eight years writing and designing for Tom Clancy's award-winning *Ghost Recon* and *Rainbow Six* franchises.

A contributing author to the book *Professional Techniques for Video Game Writing*, Jay has lectured at conferences, colleges, and universities, on topics ranging from basic creative writing skills to advanced material specific to the video game industry.

## About the *Duskwalker Cycle*

In *Three*, the first book of the *Duskwalker Cycle*, the world has collapsed, and there are no heroes any more. But when a lone gunman reluctantly accepts the mantle of protector to a young boy and his dying mother against the forces that pursue them, a hero may yet arise.

## Quotable Quotes

**Jay Posey** said: "I've spent entirely too long sitting here, trying to come up with something clever to say and the fact is, I'm simply too excited about working with the famed Robot Overlords to say anything else about it.

"It's incredibly gratifying to have been invited to work with such an amazing group of hyper-intelligent and almost painfully attractive people, and it also conveniently completes Phase Three of my five-phase plan for world domination, so it's clearly win-win. For me, I mean."

**Angry Robot Editor Lee Harris** said: "I'd been hoping to find a great new post-apocalypse series for some time, and when Jay's manuscript hit my desk I couldn't have been more delighted. It has everything you want from a novel - a great story, great setting and a fantastic cast of characters."
